■ Regular Meeting  
6:00-7:00PM

### Monthly Public Seminars

#### January 16<sup>th</sup> 7:00-8:00 PM

##### Energy 101 – “Energy principles that everyone can understand”

Come hear energy consultant and high school science teacher **George Benedetti, P.E.** speak about the basic science behind energy and power. Learn how to read your electric bill, see a demonstration of how a fuel cell works (Did you know that CT has the most fuel cell companies in the US?), and hear about fundamental clean energy technologies including solar PV, thermal, geothermal, bio-mass and wind. George will also provide a payback analysis of clean energy for non-engineers.

#### February 20<sup>th</sup> 7:00-8:00 PM

##### “Why bio-fuels are our future”

**Lee Grannis**, coordinator of the Greater New Haven Clean Cities Coalition, Inc., a US Department of Energy Program, tells us about why bio-fuels are important. Also learn about what bio-fuels are made from and how they are made. Other topics will include energy security, mobile source emissions, renewable fuels and energy value.

#### March 20<sup>th</sup> 7:00-8:00PM

##### “Bethany’s new 8KV Solar PV system”

Hear the details of the 6KV Solar PV system that Bethany has earned. Learn about the power it will generate, installation requirements, and other useful information. Especially helpful if you are planning on installing your own home Solar PV system. Our first Selectman Derry Gorski, our new Public Works Director and the Park and Rec committee involved with the new facilities at Veterans Park are invited. Speaker: **Bryan Garcia** and **Moneer Azzam**, Connecticut Clean Energy Program

#### April 17<sup>th</sup> 7:00-8:00PM

##### Free screening of Al Gore’s “An Inconvenient Truth”

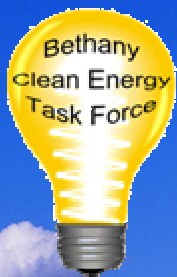

“An Inconvenient Truth” lays out Gore’s case: we are now seeing the beginning of a climate crisis that threatens life on Earth as we know it.” - **Jurgen Fauth**

“One set of images featuring maps of Shanghai, Calcutta, and Lower Manhattan enveloped by water is more heart-stopping than anything in “The Day After Tomorrow.” – **Boston Globe** [wmorris@globe.com](mailto:wmorris@globe.com)

#### April 21<sup>st</sup> 1:00-4:00PM – Town Hall Gymnasium

##### Earth Day Celebration and Energy Fair

Activities and events for all ages. See the latest Energy Conservation Products. Free Light Bulbs to new Clean Energy participants.

All meetings held in the Selectman’s Conference Room at Town Hall unless otherwise noted
