# LAND USE PERMIT FEE SCHEDULE & PROCEDURE

Please call (203) 393-2100 at ext. 1135 or at ext. 1115
to verify and confirm the permit application cost.

Most Permit fees shall be paid at the time the application is filed.
Included there is a color-coded Permit Fee schedule for
Residential Mechanicals, Residential Building.

and

## Commercial Permits.

I. The Building permit fee is based on the estimated contract costs due with the application. Final fee is based on actual contract costs, following completion of project, due prior to issuance of a Certificate of Occupancy or Certificate of Approval. Additionally, all Permits must include the Town Fee, State Education Fee and Certificate fee.

Example: if the actual contract work, for a residential mechanical permit, were to be between \$1001.00 and \$2,000.00 (following the current revised yellow fee schedule) the fee will be \$85.52. A similar procedure applies to the next thousand \$2,001.00 - \$3,000.00 = \$95.78.

- 2. All work that does not required a Certificate of Occupancy shall require a Certificate of Approval, and such cost will be included at the time of the application in addition to the permit cost.
- 3. An additional Cost will be included to the cost of the permit that requires a Certificate of Occupancy.
- 4. The Mechanical Permit Fee is based on the actual contract cost due with the application.

  All related work will require a Certificate of Approval and Final inspection.
- 5. Do call to discuss about the required procedures for any Commercial Permit applications.
- 6. All Permit applications require an Inspection from the Town's Building Official. To schedule one please, call during and after completion of the project at (203) 393-2100 ext. 1116.

\*\*\*\*<u>Note: The Building Department only takes</u>

<u>CASH or CHECK payments.</u>

<u>All CHECKS must be made PAYABLE to the</u>

<u>TOWN OF BETHANY.</u>

## Building Department Estimated Costs Effective July 1, 2021

Building Permit State Fee	\$.26 per \$1,000.00 value
